[J] Bb5 No vocals first time

Where were we walking together? I will see you in the end.
So bathe me in your magic light, and keep it on the darkest night.

(Bb5)

I'll take you where you've never been, and bring you back again.
I need you here to keep me strong. To live my life and sing along.

(Bb5)

Listen to me with your eyes, I'm watching you from in the sky.
I'm waiting with you wide awake, like your expensive poison snake.

(Bb5) Play 3x

If you forget, I'll fade away, I'm asking you to let me stay
You found me here inside a dream. Walk through the fire, straight to me.
